50 +/- Acres

A sportsman's paradise! Fifty acres on Brady Lake with almost a mile of shoreline. Heavily wooded and abound with whitetail and axis. This tract sits at the end of county road off FM 2028. Electricity is available at the Highway and water well probabilities are high in this area. There is evidence of an old farmstead on the property.

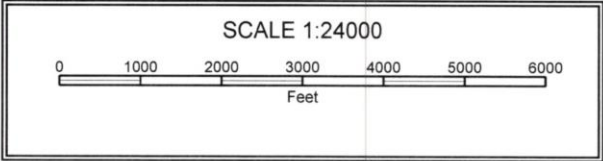

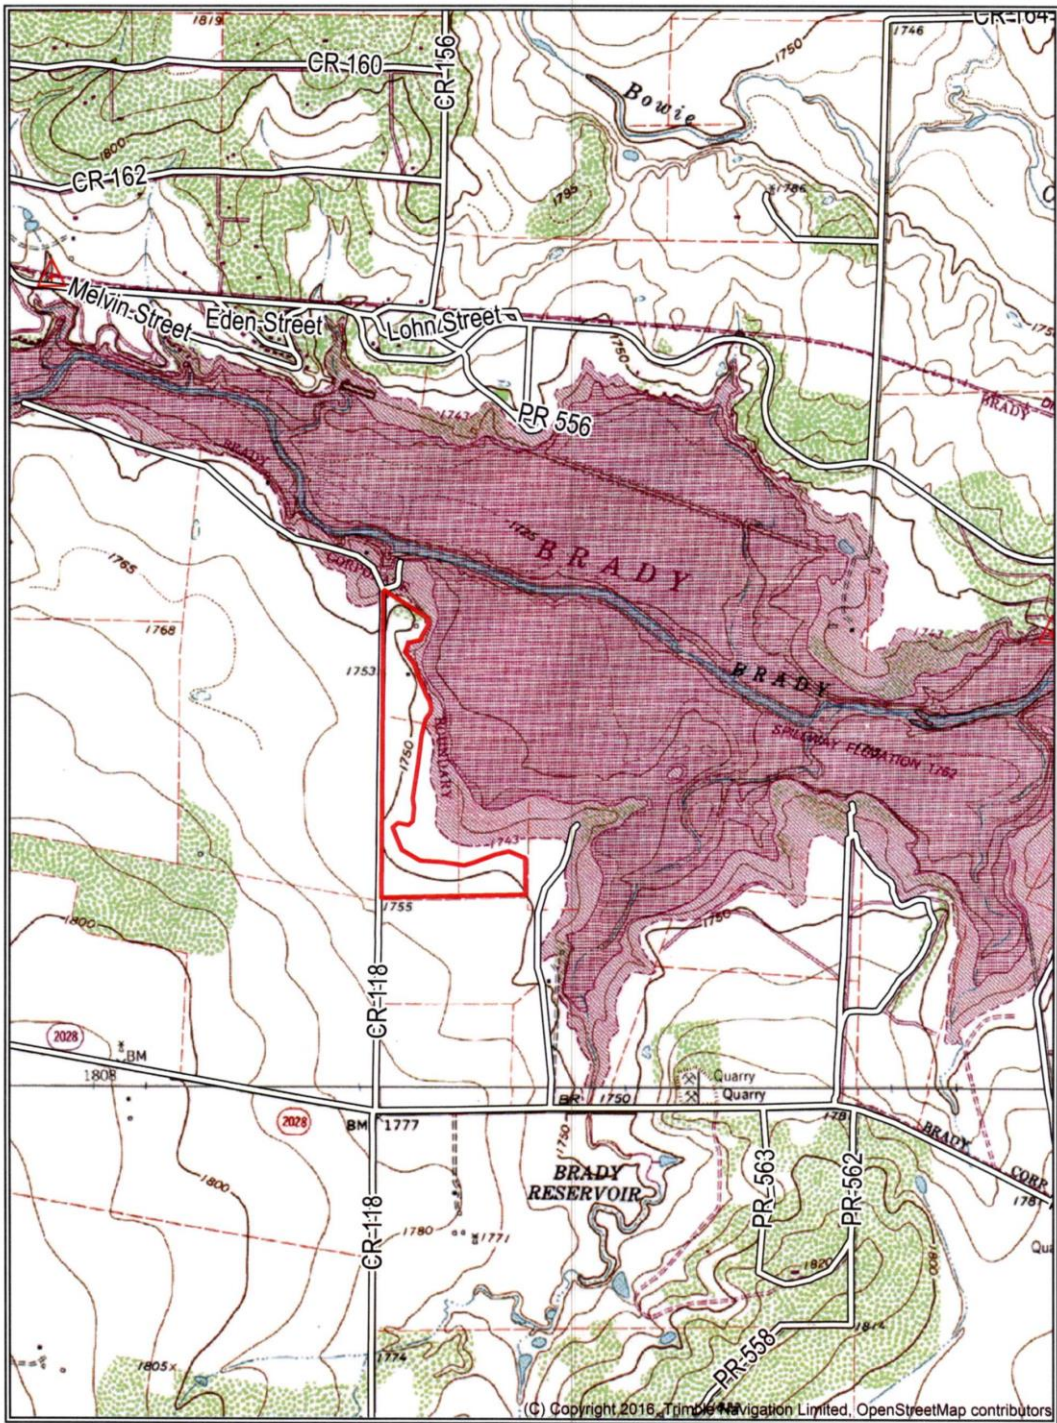

The beach along the acreage is not muddy but covered with small rocks and pebbles. This land is outside the city limits and with a little work could be a wonderful get-a-way spot.

This property is bundled with an estate consisting of 18 other properties. Call for details.
